**To whom it may concern**

Rick Sharpe is a volunteer, donor and continued supporter of the organization "Omwabini" based in Kimilili western Kenya.

Omwabini is a registered-1000342- Kenyan Community Based organization working to approach issues relating to poverty and AIDS through simultaneous initiatives directed at individual families, community groups and communities as a whole in western Kenya.

The objective of Omwabini is to create sustainable projects and progress, reintegration of marginalized groups including orphans, vulnerable children, widows, and those suffering from AIDS, into communities of support and care, organize and empower communities and community groups, establish programs encouraging community nutrition, health, and sanitation. Omwabini has programs working in areas such as child nutrition, community agriculture training, water and sanitation, AIDS & sexual health education in local primary, secondary schools and local communities, vocational training and micro-enterprise. Yet Omwabini's work with orphans, widows and poor families remains at the centre and foundation of our work.

We first met Rick in 2008 then as a volunteer in Kenya. Rick is a dedicated individual who worked hard to help impoverished families and has since been appointed by Omwabini as a representative and fundraiser of Omwabini in the United Kingdom.

Yours faithfully,

Mary Bunyasi
